Life insurance products are not bank products, are not a deposit, are not insured by the FDIC, or any other federal entity, have no bank guarantee, and may lose value.

Life insurance proceeds paid in the form of an accelerated death benefit when the insured has become chronically or terminally ill, and is otherwise eligible for benefits, are intended to receive favorable tax treatment under Section 101(g) of the Internal Revenue Code (26 U.S.C. Sec. 101(g)). There may be tax consequences in some situations in accepting an accelerated benefit payment amount, such as where total payments exceed the per diem limitation under the Internal Revenue Code. Consult your tax advisor before taking an advance. The taking of rider benefits may affect eligibility for certain public assistance programs and government benefits.

An accelerated death benefit is not to be sold as or to replace long-term care insurance, nursing home insurance, or home care insurance. An accelerated death benefit (such as the Accelerated Death Benefit PLUS Rider) and long-term care insurance provide very different kinds of benefits.

Life insurance products are issued and guaranteed by the Lafayette Life Insurance Company, Cincinnati, Ohio. Guarantees are based on the claims-paying ability of the company. THE WHOLE LIFE DIFFERENCE
Whole Life insurance offers a combination of guaranteed death benefit protection, guaranteed cash value accumulation, and guaranteed level premiums. Plus, generally available tax advantages that provide an effective and powerful financial resource, such as:

• Income tax-free death benefit to a beneficiary
• Tax-deferred cash value growth
• Tax-favored policy loans and withdrawals from cash value

Lafayette Life’s 10 Pay Whole Life Policy is designed for people who are looking for limited level premiums with cash value growth and permanent death benefit protection. You pay 10 level annual premiums, but the death benefit is guaranteed for your lifetime. This can be an effective way to make sure your premiums end by retirement age.

10 PAY LIFE FEATURES
• Guaranteed, Level Premiums, Payable for 10 Years. The policy is designed to be paid up after 10 level annual premium payments.
• Guaranteed, Lifetime Coverage. As long as premiums are paid and policy loans do not exceed the total cash value, your coverage cannot be terminated.
• Tax-Deferred Cash Value Accumulation. Your 10 Pay Life policy is designed to build cash value each year on a tax-deferred basis, and is guaranteed never to decrease.
• Policy Dividends. Your 10 Pay Life policy may earn a dividend.
• Living Benefits Provided at No Additional Premium. Flexibility to access a portion of the Death Benefit should you be faced with a Specified Medical Condition, Terminal Illness or a Chronic Illness.

TAILORED TO YOUR NEEDS
Your 10 Pay Whole Life insurance policy can be tailored to meet your specific financial needs. There are several supplemental riders that can be added to your 10 Pay Life policy to help address your individual needs. Keep in mind that adding a rider to your policy may require additional premium.

TAX-DEFERRED CASH VALUE ACCUMULATION
10 Pay Life is designed to build cash value on a tax-deferred basis each year. During your lifetime, the cash value can be accessed as a policy loan or withdrawal to help fund a major purchase, supplement your retirement income, or simply in time of emergency or special need. Accessing your cash value will, however, reduce your death benefit.

Talk to Your Financial Representative about 10 Pay Life
Discuss with your Lafayette Life agent whether a 10 Pay Whole Life insurance policy is appropriate for you and your financial goals. Consider your age, financial situation, and insurance and income needs.

1 Loans and withdrawals will reduce the death benefit if not repaid. Always consult an attorney or tax advisor regarding your specific legal or tax situation.
2 Subject to the terms of the policy, including payment of the required premiums, suicide exclusion, contestable provision and loan provision.
3 Dividends are not guaranteed and may be changed by the company at any time.
4 Not available in CA.
5 This rider is added at no additional premium; however, we may charge a fee of up to $250.00 for an advance payment. Living benefits are accessed through an advance of the policy’s death benefit, provided the insured meets eligibility requirements under the applicable rider. An advance is treated as a lien secured by the Death Benefit of the policy and will reduce the Death Benefit payable if not repaid. The advance will accrue interest each year. The rate of interest will depend on the cash value of your policy and may vary. The lien may be increased if necessary to keep your policy in effect.
6 Provided through the Accelerated Death Benefit PLUS Rider (ICC16 LLR-08 1601). Certain medical histories may prevent qualification for the Accelerated Death Benefit PLUS Rider. Insureds who do not qualify for this rider will receive the Accelerated Death Benefit Rider (ICC16 LLR-07 1601). Specified Medical Condition not available in CT.
